Hospitals and Privacy Laws:

H Because of privacy laws, hospitals do not notify us when parishioners are admitted. If someone in your family is admitted to hospital and you want the Parish Office to know, please call and tell us. Many hospitals, Catholic or not, have a priest assigned to visit the Catholic patients and bring them Communion, but the family must tell the admittance office of their wish for a clergy visit.

Prayer Network: for those not on the internet there is

an envelope on the bulletin board at the main entrance marked PRAYER NETWORK. Please take a copy of the prayer intentions inside this envelope and pray for fellow parishioners, family and friends.

Parenting Tip 89

The best way to assist your children to thrive is to give them a good sense of security and self-worth. These feelings are best accomplished when parents understand their role as leaders of their families: they set the rules, make sure the rules are followed and discipline when necessary. In order to assure good balance in their family role as leaders, parents need to spend quality time with their children, which helps their children know they are loved, valued and important. Parents need to be an authoritative figure in their children's lives, which means they can't always be the fun friend, but they can love their children enough to help them become healthy and well-functioning adults!
