Parenting Tip 99

September tends to bring order to the joyful, but sometimes chaotic summer months. Now is a great time to sit as a family and set some family goals for the coming year. Your goals might include: increasing the time you will spend together as a family; setting a specific number of meals you will eat together (at a real table!); agreeing to detailed ways in which you will increase your faith practices; deciding on the amount of exercise you will engage in as a family; agreeing to increase the patience you will have for each other. The possibilities are endless! Remember, setting goals will both help you accomplish something beneficial and send a message that your family is a priority.
