Hospitals and Privacy Laws:

Because of privacy laws, hospitals do not notify us when parishioners are admitted. If someone in your family is admitted to hospital and you want the Parish Office to know, please call and tell us. Many hospitals, Catholic or not, have a priest assigned to visit the Catholic patients and bring them Communion, but the family must tell the admittance office of their wish for a clergy visit.

Prayer Shawls are blessed and available. Please call the parish office if you would like one.

Marriage Tip

Expressing gratitude to those we love goes a long way to making them feel appreciated, but as Michele Weiner-Davis (The Divorce Busting Center) pointed out in her recent blog, negativity bias, which scientists refer to as a tendency to be more sensitive to negative stimuli, often causes relationship problems. This bias makes it easy for us to slip into the habit of remarking on anything that is wrong or negative, but forgetting to express the good we experience and feel. We can help overcome this natural bias by being purposeful in our interactions: express appreciation often, say thank you frequently and remember to tell your spouse what you love about your relationship. Doing a frequent check-up is a sure way to ensure you are more positive than negative, which will be reflected in the positive feelings in your marriage.
