**Hospitals and Privacy Laws:**

Because of privacy laws, hospitals do not notify us when parishioners are admitted. If someone in your Items to Collect to Support Charities family is admitted to hospital and you want the Parish Office to know, please call and tell us. Many hospitals, Catholic or not, have a priest assigned to visit the Catholic patients and bring them Communion, but the family must tell the admittance office of their wish for a clergy visit.

**Parenting Tip**

Children are impacted, from the day they are born, mentally, emotionally, physically and spiritually by our responses, both to their needs and to the way we engage with the world around us. As parents we should provide expectations for our children's behaviour, but it is also important to reflect on whether or not we expect the same of ourselves. If a child acts or speaks in a way we don't like, we should correct them, but it is essential to ask if they might be learning that specific behaviour from watching us. Our actions and words matter - children need us to model the behaviour we want from them.
